Our school strategies are on track to meet or exceed our targets

During 2014, we have focused on maximising the benefits of this funding for our students. After reviewing our *Great Results Guarantee* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:

- Continue professional development and instructional feedback to all Teaching and Learning team members (including Teacher Aides) to improve student outcomes.
- Whole of school review of student reading data twice per term.
- Utilise in-house expertise to create, coordinate and deliver intensive T&L sessions to students who are identified (through the on-entry to Prep Early Start screener and periodical diagnostic assessment (ie NAPLAN, PAT) as 'at risk' of not meeting NMS, as per their ILP.
- Release highly skilled teacher aides (Cert IV/Diploma levels) from classroom duties to conduct classroom teacher-developed literacy and numeracy intervention programs to students at risk of not meeting NMS and students slightly below U2B.
